

COMMITTEE MEETS AND HEARS REPORTS

At the regular meeting of the Army and Navy Life Activities Committee held yesterday afternoon in the Chamber of Commerce, the reports of the various committees showed the increasing scope of the work, and the great prospects for its development. The program which was scheduled for Fort Barrancas tonight will not be given until next Thursday night, and that for the aeronautic station Monday will take place a week from Monday.

New Men of National Army In Training Camps

OFFICERS PRAISE SPIRIT OF NEW MEN, WHICH
BRINGS THEM PROMOTION; EVANS VISITS
CAMP WHERE NEGROES, MOSTLY SOUTH-
ENR, HAVE BEEN MADE ARMY OFFICERS.

Special Dispatch from

EDWARD A. EVANS

The Pensacola Journal Correspondent Who Is Touring the Army Camps.

Camp Dodge, Des Moines, Iowa, Oct. 11.—The first Americans in the drafted army are already on the way to generals' stars.

They are becoming corporals and sergeants in the new national army.

That's what I found today at Camp Dodge, training cantonment for more than 45,000 soldiers.

Young fellows who came into camp with the first 5 per cent quota on Sept. 5 are, many of them, non-commissioned officers now. They are helping to train their comrades.

The real heavy work of training is being borne so far, however, by 750 sergeants from the regular army.

"We're a little bit hampered in our work," one of these regular army sergeants told me. The general won't let us cuss at the selected men as we used to cuss at volunteers. But the boys, most of them, are willing to learn.

"I can pick out a good man the first time I see him at mess. If he starts bayonet exercise with his table knife, I know he's going to need a lot of working over. And I give it to him, too."

At Fort Dodge, as at other camps, officers told me they have been pleasantly surprised by the cheerful and willing spirit of the selected men.

I overheard a conversation between two soldiers which well illustrates this spirit that already is pushing recent civilians upward in military life.

One, a former butcher, had been watching his company cook prepare round steak for mess.

"I tell you," he said to his companion, "that cook isn't cutting the meat right. He just slashes out all the bone, and that's wasteful. I've got a notion to go in and show him the right way."

"Might make him sore," said the other.

"I don't care," said the butcher-soldier. "There's no use in letting that waste go on." And he walked boldly into the kitchen.

I later found that his suggestion was received gladly and his less wasteful method of cutting meat was adopted.

Several miles from Camp Dodge

THE WHOLE NEIGHBORHOOD KNOWS.

Mrs. Anna Feizer, 2526 Jefferson St., So. Omaha, Neb., writes: "I can recommend Foley's Honey and Tar as a sure cure for coughs and colds. It cured my daughter of a bad cold. My neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar, and everyone in our neighborhood speaks highly of it."

This reliable family remedy masters croup. It clears the air passages and eases the gasping, strangling fight for breath. D'Alemberte's Pharmacy—adv.

**BERLIN REPORTS THE
CAPTURE OESEL ISLAND.**

Berlin, Oct. 17.—via London. German troops have captured the Russian Island of Oesel, in the Gulf of Riga, in its entirety, it was officially announced today by the German general staff.

The German statement says that Teuton naval forces had encountered with Russian torpedo destroyers and gunboats north of Oesel island and in the Bay of Riga and these resulted favorably for the Germans. The Russian ships were compelled to retire. The German vessel, it is added, sustained no losses.

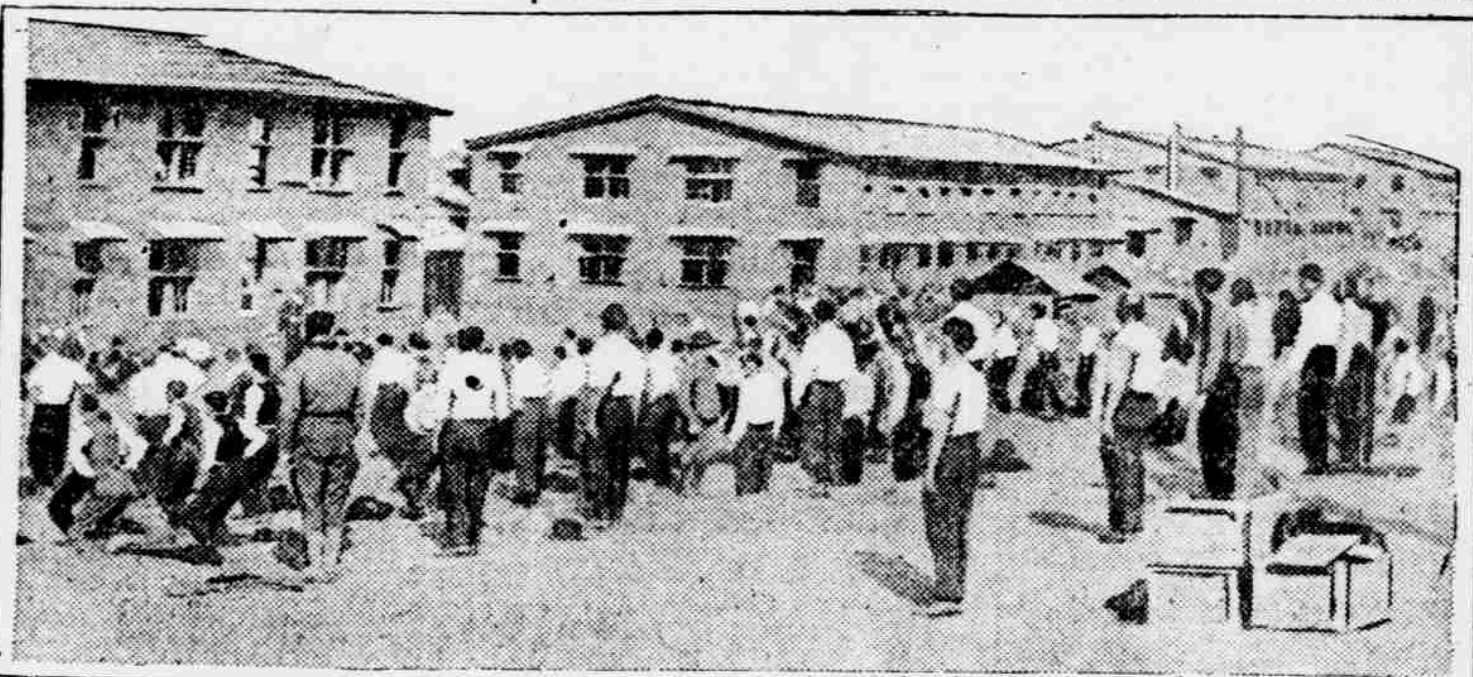

**AUSTRIA'S ARMIES ARE
IN VERY BAD SHAPE.**

Washington, Oct. 17.—Austria's army is so worn down it has been necessary to draw upon the Landsturm for men for the first line of duty, according to cables from Switzerland.

At Fort Des Moines, is the country's only training camp for negro officers. At one time there were 1248 men in this camp, learning to be captains and lieutenants over selected negro soldiers.

When I visited Fort Des Moines, I found this number decreased to about 900, since the training period is nearly ended. There also were about 150 doctors, learning to be medical officers.

The candidates for commissions are teachers, doctors, lawyers. Many are college graduates. About 75 per cent are from the South. They have gone through the same rigid discipline that white officers face in their training camps, and their officers say, are making good.

QUIT MEAT WHEN BACK HURTS OR KIDNEYS BOTHER

Says Uric Acid in meat clogs Kidney and irritates Bladder.

A Glass of Salts is harmless way to flush Kidneys, says authority.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

Liberty Day, Oct. 24, Is Designated By Governor

In a proclamation which was issued at Tallahassee Tuesday, Governor Sidney J. Catts names Wednesday, October 24, Liberty day and calls upon all loyal Floridians to support to the extent of their efforts the Liberty Loan of the United States. The proclamation, however, in detail follows:

GOVERNOR'S PROCLAMATION.
By the Governor—A Proclamation: Whereas, President Wilson has issued a proclamation designating Wednesday, October the 24th, 1917 as Liberty Day and has requested the Governors of all the States in the Union to issue proclamations on said day, and

Whereas, The success of the Liberty Loan is vital to the nation and it is the first duty of every citizen to support to the utmost the financial measures essential to the effective and successful prosecution of the war, and

Whereas, The second Liberty Loan gives the people of the State of Florida, as well as the other States in the Union, another opportunity to lend their funds to their government to sustain their country at war, and as billions of dollars are required to arm, feed and clothe our men who are going forth to fight our country's battles and assist the nations with whom we are making common cause against a common foe, it is necessary that every citizen should do his utmost financially to assist in this cause.

Now, Therefore, I Sidney J. Catts, Governor of the State of Florida, do publish and proclaim Wednesday, October the 24th, 1917 as Liberty Day, and respectfully call upon and urge the mayors and other local governing authorities to co-operate in their localities with the people and urge them to have patriotic celebrations appropriate with the importance of such day. And I further urge that the people meet in their respective communities and pledge to one another

and to the government that represents them, the fullest measures of financial support.

In Testimony Whereof, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed at Tallahassee, the Capital, this the 16th day of October, A. D., 1917.

SIDNEY J. CATTS,

Governor.

By the Governor, Attest:

H. CLAY CRAWFORD,

Secretary of State.

NO REASON FOR IT

When Pensacola Citizens Show a Way

There can be no reason why any reader of this paper who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what this Pensacola man says:

Stephen Sanchez, 308 S. Alcanize St., Pensacola, says: "I had pains in my back, when I went to stoop or lift anything, that made me believe I had kidney complaint. I felt the trouble most when I got up in the morning. Nights a dull ache across the small of my back often prevented me from sleeping soundly. Doan's Kidney Pills were recommended and it took them but a short time to bring a cure which has lasted two years."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mr. Sanchez. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.
